

Why Shade Your Stream?

Food & Shelter

Leaves and branches provide food and shelter for insects, fish, and other aquatic life.

A male teacher in a grey button-down shirt stands at the front of the classroom, gesturing towards the projection screen.

A group of students is seated at desks in a classroom, looking towards the front. One student in the foreground wears a red jersey with 'SAPP 00' on the back. Other students are wearing a yellow shirt, a blue shirt, and a white shirt. The classroom has a wooden floor and a whiteboard in the background.
